

Role Plays: Low Risk Situations

Instructions: Pick a role play, then choose who will be the person bringing up the concern, who will be the person to cross boundaries and who will be the observer. When you're done - switch; make sure everyone gets the chance to be in each role.

The Model

- Set the tone - shared responsibility and accountability
- Describe the behavior
- State what you want
- Speak up and set boundaries

Slide Name: Practice, Practice, Practice

- Your dentist is regularly ½ hour late
- Your neighbor's dog has been digging holes in your yard
- Grandmother lets children stay up past their bedtime
- Your roommate always leaves a mess
- Your food has arrived cold at a fancy restaurant
